SELECTMEN'S LETTER

The pondering economy has finally reached the Town of Groton. As you all know, our tax rate soared to \$1.31 per hundred. This is due in large part to our rising school costs and ten thousand acres being put into current use. Many 1980 new housing units will help to offset this tax increase. The days of \$1.00 per hundred evaluation are probably gone forever.

In your 1980 budget we have made certain minor increases to keep up with thirteen percent inflation.

The Town received shipment of its' new truck and sander last summer. With truck manufacturers' building new models we found our old plow frame in need of reconstruction. Rather than reconstructing the thirty year old plow frame, we felt a newly built one would serve the town's future needs.

A new highway department salt shed was erected with money from the sale of Groton's school house.

We have received an open burning permit for our dump until the first of June 1980. The State has directed us to contact Plymouth and Bridgewater for a proposal to use their incinerator. We must have fallback plans in case they ever refuse an extension of our dump. These proposals are sure to cost us more money and time will tell how long we can hold out before we have to abide by State and Federal law.

Again, more corrections have been made on our tax maps. We still urge all who have evidence regarding errors to contact us so that Eastern Appraisal can make necessary changes.

We would also like to remind you of the upcoming school meeting. This year your support at the meeting is essential if we want to curb rising costs.

In closing, we feel the Town again ran smoothly this year, and hope the upcoming year will be no exception.

Selectmen of Groton

Article 11. To see if the Town will vote to allow the Tax Collector to accept prepayment of taxes.

Article 12. To see if the Town will vote to appropriate the sum of \$14,151.52 for the summer and winter maintenance of highways, and to authorize the withdrawal from the revenue sharing fund the sum of \$3,151.52 to offset the sum, with the remaining \$11,000 to be raised by taxes.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$2,000 for the purchase of a used Adam grader from Robert J. Higgins of Bristol, N.H.

Article 14. To see if the Town will vote to accept \$463.02 from the State Duncan Fund for maintenance of Class V highways.

Gentlemen:

All books and accounts of the Town Officers were examined. The Selectmen's payments were checked with the vouchers. Each voucher had an attached invoice or time sheet.

The Treasurer's bank balance was reconciled with the Cash Book balance.

The Town Clerk's accounts were checked.

Information on motor vehicle permits issued was not available as of January 27, 1980; therefore, no examination was made of the motor vehicle permits.

The warrants given to the Tax Collector were checked against payments received. Unpaid property taxes greater than \$250.00 were confirmed by mail on a negative basis.

The Report of Town Audit and the Auditor's Report on Revenue Sharing Funds were filed with the New Hampshire State Tax Commission as required by law.

Sincerely yours,
Joseph M. Jordan
Town Auditor

REPORT TO TOWNS REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipile forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

GRAFTON COUNTY COMMISSIONERS

To the Citizens of Grafton County:

In an effort to communicate more directly with the taxpaying citizens of Grafton County, we, the Grafton County Commissioners, are writing to you through your individual town or municipal reports.

Last year (1978-79) the total county tax raised was \$1,977,142. These monies were appropriated by the County Delegation and administered by the Commissioners. Some of the ways this money was spent was in maintenance of our courthouse, nursing home, county farm, sheriff's department, jail and house of correction, social welfare, etc.

The average number of patients in our nursing home is 140. The average daily census of the Jail/House of Correction is 25. We had a total of 349 inmates in the Jail and 114 inmates in the House of Correction during our fiscal year.

In addition to providing food for the nursing home complex and agricultural services for the community, the farm also continually shows a profit. In our fiscal year 1979 the farm profit was \$60,654, due in part to sales of pigs at \$5,500, cows at \$27,000, wood at \$1,800, hay at \$2,100, milk at \$135,444 and produce at \$48,129.

We have completed Phase II - Design of the sewage project and anticipate beginning construction under Phase III in the spring. The total overall cost of the project is approximately \$540,000, of which \$400,000 is federal grant, \$110,000 State share and \$30,000 County share.

We are making an effort to conserve energy, particularly in the courthouse building, and are taking a hard look at any modifications in this so called "modern" facility that will make it a less expensive consumer of fuel.

A trial dispatching service was instituted for 16 area fire departments and probably will be made a permanent function during the latter part of 1979. A yearly fee is charged for this service.

Grafton County employs 230 people of whom we are very proud. It is because of these people that Grafton County continues to operate efficiently and within budget.

There are many other concerns that we, the Commissioners, deal with. We invite the citizens of Grafton County to take part in any of our regular meetings held each Monday morning at the courthouse in North Haverhill.

Dorothy Campion, Clerk
Arthur Snell
